*The Statesman's Yearbook* presents a political, economic and social account of every country of the world together with facts and analysis.

The 2010 edition is made up of more facts and figures than ever before and includes:

- **Detailed maps** of 193 countries
- **Profiles** of all current leaders
- **Expanded** coverage of political history and economic performance
- Completely revised **population projections for 2010**
- Key **easy-to-digest** world data on oil and the environment
- **Revised and updated** historical introductions to all countries
- The **full text is now online** together with regular updates and supplementary material at [www.statesmansyearbook.com](http://www.statesmansyearbook.com)
- **Online access to the complete 145-year archive:** a wonderful collection of interesting and useful facts and figures through generations (site licenses only)
