

THE SOURCES OF ENGLISH VOCABULARY

Modern English is a Germanic language, with a vocabulary much enlarged with loan-words from many other languages.

The following section contains a sample of words that are reflexes from Old English

The list includes cognate words in ON for comparison. For words of Latin derivation brought over from the Continent in early OE, see the lists of Latin loan-words below.

Long vowels are marked with a macron, eg ā æ ē ī ō ū

Abbreviations

MnE	Modern English
ME	Middle English
OE	Old English
ON	Old Norse
OF	Old French
AF	Anglo-French
ONF	Old Northern French
F	French
