By 1/2 million copy bestselling author Stella Cottrell

bestseller

## The Study Skills Handbook 3rd Edition

This no.1 bestseller introduces students to the skills they need to succeed in Higher Education in a user-friendly, interactive format.

Student praise 'Without this book you can get by just fine with your education, but with it you could be exceptional.' - Zac (student), 'This book literally wills you to succeed, it's inspirational.' - Anon (student)

Lecturer praise 'Among similar books I think that Cottrell's book stands out in its innovative presentation, common sense approach and practicality...The job of Universities is changing as we can no longer assume that students know how to learn - and so we must guide them. This book is an excellent support for that mission.' - Dr Keith Pond, The Business School, Loughborough University, UK

978-0-230-57305-5 | £13.99

## The Palgrave Student Planner 2012-2013

\*NEW

'A brilliant life organiser!'  
- Student, London Metropolitan University, UK

This bestselling planner is designed specifically for students, providing the complete self-management tool they need to manage their time effectively. In addition to diary pages and timetables, the planner offers study skills advice, useful contacts and websites, notes pages, spelling rules, rail maps, international information and a plastic pocket. In response to student feedback, new features for 2012-13 include money saving tips, an expanded and updated financial section, international conversion charts for clothing and shoes, and common symbols and abbreviations.

978-0-230-36247-5 | £7.99 incl VAT

## Skills for Success 2nd Edition

Personal Development and Employability

'This is a good book for mapping out all of your plans and goals in life - it has motivation, inspiration and also some tools for achieving what you want.' - Student

Helps students develop skills such as: team working, emotional intelligence and problem solving, wanted by today's employers. This second edition develops its personalised approach to learning and performance.

Each chapter will encourage students to think reflectively about personal, academic and career goals and plan a path to success.

978-0-230-25018-5 | £13.99

## The Exam Skills Handbook

\*NEW

2nd Edition

Achieving Peak Performance

This best-selling guide offers students of any subject and level an easy-to-follow, step-by-step guide to approaching revision and exams. It provides ideas and techniques to help students build a plan for achieving their best possible performance, from long-term strategies to tips for last-minute preparation. Now in two-colour, this fully updated edition includes two new chapters on multiple-choice question exams and managing different kinds of exams.

978-0-230-35854-6 | £11.99

## Critical Thinking Skills 2nd Edition

Developing Effective Analysis and Argument

'The book that I've loved the most in the entire year. Totally life changing.' Student

The new edition of this leading guide helps students to develop reflective thinking skills, improve their critical analysis and construct arguments more effectively. Easy-to-follow, step-by-step explanations along with plenty of examples and activities develop understanding at each stage. Now in two-colour, this edition has been fully revised and contains a brand new chapter on 'Critical Reflection' along with additional material on essays and referencing.

978-0-230-28529-3 | £13.99

## Writing Skills

### Cite Them Right 8th Edition

The Essential Referencing Guide

by Richard Pears and Graham Shields

This book is the most trusted source around, thanks to clear examples of how to reference just about any material whether in print or from an electronic source, and practical advice on secondary referencing, paraphrasing and avoiding plagiarism. Sources covered include: podcasts, genealogical sources, logos, comics,

magazines and directors' commentaries on DVDs.

978-0-230-27231-6 | £9.99

### How to Write Better Essays 2nd Edition

by Bryan Greetham

*'This is an excellent book, and has totally changed the way I study.'* - Nick Barrow, Law Student

Carefully tackles each stage of essay writing from interpretation of the question, to research, planning, writing and revision, teaching students not just how to improve their study skills, but how to use qualitative and quantitative techniques, how to generate ideas and develop these into original research projects.

978-0-230-22480-3 | £12.99

### Write it Right 2nd Edition

The Secrets of Effective Writing

by John Peck and Martin Coyle

Shows students how to make their writing both effective and grammatically correct. Carefully organised into a sequence of short, lively mini units, the book deals with particular tasks such as job applications, and common problems like punctuation.

978-0-230-37384-6 | £12.99

### How to Write your Undergraduate Dissertation

by Bryan Greetham

Examining each essential stage of researching and writing a dissertation, this book teaches students across all disciplines how to use qualitative and quantitative techniques to plan and research, how to generate ideas to develop into original research projects, and how to write a clear and concise dissertation.

978-0-230-21875-8 | £12.99

### The Student's Guide to Writing 3rd Edition

Grammar, Punctuation and Spelling

by John Peck and Martin Coyle

This guide has long been praised by lecturers in all disciplines for its clarity and practical advice. Aimed at students wishing to improve their writing skills, it deals with the key basics of grammar, punctuation and spelling while also showing students how to construct a sentence, how to build a paragraph and how to structure an essay. This third edition includes an expanded 'Spot the Mistake' section.

978-0-230-37388-4 £12.99

### How to Use your Reading in your Essays

by Jeanne Godfrey

*'Combines a clear-sightedness about the academic process (from deciding what to read to polishing a final draft), with detailed advice and activities in specific areas of language, usage and grammar'* - Kate Williams, Oxford Brookes University, UK

Featuring real texts and examples of student writing, this practical book guides the student through the process of effectively using reading in their essays. It covers everything from selecting what to read, how to quote, paraphrase and summarise sources, through to spotting and correcting mistakes in the final essay.

978-0-230-20540-6 | £12.99

### Improve Your Grammar

By Mark Harrison, Vanessa Jakeman and Ken Paterson

Brings a new 'can do' approach to native English speakers struggling to produce clear, grammatically sound sentences using proper punctuation. Careful, systematic explanation and opportunities to practise help to address precisely those errors and omissions which lecturers commonly encounter in students' work, improving

students' level of expression and overall performance.

978-0-230-36053-2 | £12.99

See page 2-3 for  
**Pocket Study Skills - Little Books, Big Results**

## Research Skills

### Structuring Your Research Thesis

**NEW**

By Susan Carter, Frances Kelly and Ian Brailsford

Drawing on the experiences of students worldwide, this is the first book to offer research students in the arts, humanities and social sciences a practical guide to organising their ideas using an effective and coherent thesis structure. The book provides a range of alternative approaches, each introduced by real-life case studies to help students get to grips with structuring their work.

978-0-230-30813-8 | £12.99

### Authoring a PhD

How to Plan, Draft, Write and Finish a Doctoral Thesis or Dissertation

by Patrick Dunleavy

Based on the author's supervision experience with over 30 students, it provides solid advice to help PhD students cope with both the intellectual issues, creative challenges and practical difficulties of organising their work effectively. An indispensable and time saving aid for doctoral students and supervisors.

978-1-4039-0584-0 | £19.99

### The Foundations of Research 2nd Edition

by Jonathan Grix

Provides an accessible introduction to the foundations of research in the human sciences. It covers the tools, terminology and research perspectives that students need to know in order to engage in academic debate and successfully complete their long essays, dissertations and theses.

978-0-230-24897-7 | £18.99

### Information Skills

Finding and Using the Right Resources

by Jonathan Grix and Gerald Watkins

This illustrated guide provides practical advice on how to source and use the right resources. It includes guidance on how to carry out a 'traditional' literature review as well as the skills needed for finding and evaluating information.

978-0-230-22250-2 | £13.99

### Researching Online

by David Dolowitz, Steve Buckler and Fionnghuala Sweeney

Offers a clear and comprehensive introduction to the use of internet technology in research. It provides full accounts of the different ways in which online resources can help with research projects in any area of the social sciences or humanities along with useful hints and tips on how you can make the internet work for you.

978-1-4039-9722-7 | £15.99

### The Undergraduate Research Handbook

by Gina Wisker

This practical, research-informed text will provide students across all disciplines with models, tasks and activities to enable them to plan, action, write and present quality research. It will help develop ideas, creative thinking and systematic research practices to enable students to produce high quality dissertations and reports.

978-0-230-52097-4 | £14.99

### The Postgraduate Research Handbook 2nd Edition

by Gina Wisker

Advice, support and both active and reflective tasks take the student through the stages of research as well as encouraging them to consider social and cultural issues, such as working with their supervisor and other researchers.

978-0-230-52130-8 | £19.99

### e-Learning Skills

2nd Edition

by Alan Clarke

This practical, flexible text helps students enhance and develop their existing skills whether they are a distance learner, or at an institution which has intergrated e-learning into their programmes. Including new material on blogs, wikis, podcasts and e-portfolios, the second edition caters to the increasing number of e-learning courses.

978-0-230-57312-3 | £14.99

## Personal Development and Career Skills

### **Presentation Skills for Students** 2nd Edition

by Joan van Emden and Lucinda Becker

Topics covered include speaking effectively in seminars and tutorials, delivering formal presentations and succeeding at job interviews. Regular checklists and the friendly, down-to-earth style make this an ideal reference tool.

978-0-230-24304-0 | £13.99

### **The Work-based Learning Student Handbook**

by Ruth Helyer | 978-0-230-22956-3 | £14.99

### **Career Skills** Opening Doors into the Job Market

by David Littleford, John Halstead and Charles Mulrairie

978-1-4039-3627-1 | £15.99

See page 1 for:

**Skills for Success** 2nd Edition Personal Development and Employability by Stella Cottrell

## Nursing, Midwifery and Health

### **Writing for Nursing and Midwifery Students** 2nd Edition

by Julio Gimenez

*'Why did such a book not exist when I was in my early study years?.'* - *Institute of Nursing and Midwifery, University of Brighton.*

Developing understanding of the basics of academic writing and cognitive processes such as reflection and critical thinking,

this text is an invaluable resource for learners at all levels.

978-0-230-28518-7 | £13.99

### **Great Ways to Learn Anatomy and Physiology**

by Charmaine McKissock

This highly visual study skills companion provides students with innovative techniques to make studying anatomy and physiology easier. Complex processes are brought to life with imaginative diagrams and storylines that aid understanding,

reinforce memory and also support students with dyslexic or mathematical difficulties

978-0-230-20991-6 | £17.99

## For Mature Students

### **The Mature Student's Guide to Writing**

3rd Edition

By Jean Rose

The third edition of this popular writing guide has been thoroughly revised and updated, and is an invaluable companion for the mature student. Each chapter includes objectives and checklists, and key points are highlighted throughout. New features include detailed analysis of real student essays, a more concise guide to referencing, and a new chapter on writing business marketing materials.

978-0-230-29787-6 | £14.99

### **The Mature Student's Handbook**

by Lucinda Becker

A practical guide which helps mature students build on their strengths and overcome challenges. Includes worked examples, exercises and space for recording strategies and successes. Covers areas such as lectures, seminars, reading and note-taking, presentations, writing, exams, time management, finance and careers.

978-0-230-21026-4 | £14.99

## Other Subject Areas

### **Studying Law** 3rd Edition by Simon Askey and Ian McLeod

978-0-230-30279-2 | £15.99

### **Writing For Law** by Dave Powell and Emma Teare

978-0-230-23644-8 | £14.99

### **Studying History** 3rd Edition by Jeremy Black and Donald M. MacRaild

978-1-4039-8734-1 | £15.99

### **Studying Psychology** 2nd Edition by Andrew Stevenson

978-0-230-51782-0 | £15.99

For a full list of books in your subject areas, go to:  
[www.palgrave.com/studyskills](http://www.palgrave.com/studyskills)

## For International Students

### Study Skills for International Postgraduates

by Martin Davies

Destined to become a life saver for international students everywhere, this book provides clear, comprehensive guidance for students embarking on postgraduate study at a western university. Helping to maximise your chances of academic success, topics include challenges such as critical thinking, research, writing and speaking skills.

978-1-4039-9580-3 | £16.99

### The International Student Handbook

by Hayo Reinders, Nick Moore and Marilyn Lewis

*'The authors show a keen awareness of the many difficulties faced by international students. What makes this book accessible, despite its ambitious coverage, is its clear language and presentation.'*

- Siew Hean Read, Language Consultant, English Language Self-Access Centre, University of Auckland, New Zealand

Aimed at providing non-native English speakers with the skills needed to study overseas at an English-speaking University, this practical handbook prepares students to live abroad, understand university culture, and improve their English. It is built around activities that give hands-on practice to make overseas university study a success.

978-0-230-54519-9 | £16.99

### Study Skills for Speakers of English as a Second Language

by Marilyn Lewis and Hayo Reinders

An ideal guide for any international student studying at an English-speaking university. Based on interviews with international students and their teachers, this book offers straightforward advice on academic and social topics and the culture of Western universities. It also contains a helpful mini-dictionary of university words.

978-1-4039-0026-5 | £16.99

## For Academics

### The Good Supervisor 2nd Edition

by Gina Wisker

Provides help for those wanting to develop strategies for effective supervision with diverse students on a wide variety of research projects. Building on the success of the first edition, it draws on a wealth of new research, literature and developments in the professional field of supervision, both at undergraduate and postgraduate level.

978-0-230-24621-8 | £22.99

### Teaching Study Skills and Supporting Learning

by Stella Cottrell

Outlines positive environments to enhance student skills and addresses areas such as supportive infrastructures, induction, and supporting 'at risk' students. Topics include: interactive group skills, revision and exam strategies,

writing, memory and critical analysis skills.

978-0-333-92124-1 | £24.99

## Universities into the 21st Century

An important series of books for those interested in HE policy, these books combine research, good practice and policy issues worldwide.

**Learning Development in Higher Education** by Peter Hartley, John Hilsdon, Christine Keenan, Sandra Sinfield and Michelle Verity | 978-0-230-24148-0 | £24.99

**Writing in the Disciplines** by Mary Deane and Peter O'Neill | 978-0-230-23708-7 | £24.99

**Becoming an Academic** by Lynn McAlpine and Gerlese Åkerlind | 978-0-230-22791-0 | £24.99

**Global Inequalities and Higher Education** by Elaine Unterhalter and Vincent Carpentier | 978-0-230-22351-6 | £24.99

**Understanding the International Student Experience** by Catherine Montgomery | 978-1-4039-8619-1 | £24.99

**Teaching for Understanding at University** by Noel Entwistle | 978-0-333-96298-5 | £24.99
